

Gilbert – Saltimbanque de Paris!

Since he was at the age of 13, the Belgian „Charlatan“ is touring and living on the roads in this world.

He belongs to the few active original streetperformers from Centre Georges Pompidou in Paris. There he was acting from 1977 till 1984.

Next to the founding of his organisation „Les Saltimbanques de Paris“ he is one of the 3 founders of the „robot or machine man“. With his kind of performance he is one of the best in this genre and next to the classical elements of french street art (fire – breather, ballon artistry, pantomime, magic cards, illusion show and his flea Fifine, the smallest flea in the world, which is ready to do the triple summersault from a giant sway pole into a tiny pool full of water) his performance of the „automatic / robot man“ is still part and something special of his show! Nobody who tried to copy this show before, could ever reached the high class of his perfect enactment.

This unique artist, whose field of application is as various as his repertoire in entertaining and your event will become unforgettable because of his charm and his talent to cast a spell over his audience!

Even if you don't have special imagination for your event, he will figure something out with you, for sure!
